

To Whom It May Concern:

I am writing to express my strong desire to participate in the Outgoing Program at Hochschule Osnabrück. I believe that this opportunity aligns well with my academic and personal objectives. I am particularly drawn to Hochschule Osnabrück because of its excellent location and vibrant atmosphere. In addition to the diverse range of courses offered, I am specifically interested in those related to my degree in Mechatronics Engineering, with a focus on Engineering, which is a subject of great interest to me.

For me, studying abroad represents more than just academic advancement; it is an opportunity to implement new ideas, acquire new skills, and immerse myself in a different culture. During my time at Hochschule Osnabrück, I aim to excel in my studies, actively participate in extracurricular events, and collaborate with classmates and professors to make the most of this experience.

Furthermore, I am committed to sharing my experience of studying in Germany with others. Upon my return, I intend to share my insights through presentations, seminars, and social media content, with the goal of inspiring fellow students to pursue their own study abroad adventures.

Thank you for considering my application. I am eager to engage with the academic community at Hochschule Osnabrück and look forward to the opportunity to study there.

Best regards,
